

Subject: <Fitz and the Tantrums Concert to Support Children>

To Nicole Inal,

Fitz and the Tantrums is coming to the House of Blues in order to raise money for foster children. We partner with Buchanan Children's Charities, the OC Community Foundation, and Court Appointed Special Advocates OC to put on this concert to better the lives of children.

We are also backed by many generous sponsors from the real estate industry and are looking for similar benefactors to continue to donate to our cause. The money raised goes directly into expanding children's access to education and get them better living conditions while they may be in the foster system. A portion of any donations made are tax deductible, which is even more incentive for people to donate.

We at Encore for Education would like you to do a piece on our organization to generate interest and donations for the event. Would you have time to sit down with our spokesperson over the next few days?

Please call me with further inquiries or coordinating,

Annie Graziano
